## ZTP AND KORUNG INFORMATION

### ZTP(Zuchttauglichkeitsprüfung- Breeding Suitability Test)

The purpose of this test is to determine which dogs are worthy of being used in a breeding program. The test covers conformation, temperament and working ability. It is scored on a pass/fail basis. A dog which fails any part of the test will be excused from continuing the test.

#### Requirements

1. All dogs must have a tattoo or microchip.(Bring your own scanner)
2. On the day of the event, all dogs must present the following original papers:
  - A.. Original registration papers
  - B. An original certified three or four generation AKC pedigree or certified pedigree from Country of origin.
  - C. Original scorebook with proof of BH given by a VDH sanctioned organization.
  - D. Original "acceptable" hip certification (OFA, acceptable PennHip evaluation, Or acceptable hip rating from the country of origin). Dogs may attempt breed Tests at the age of 18 months; however, an acceptable hip certification must be Submitted before the breed test becomes valid.
3. A copy of each of these original documents must be sent with the entry form.
4. Entry forms must include: Full name of dog; sex; date of birth; registration number; Tattoo or microchip number; hip certification if the dog is 2 years of age or older; Proof of BH; any titles; sire; dam; breeder; owner's name, address and phone number. Registration numbers, hip certification, and tattoo or microchip numbers of dam and sire are also required.

#### Conformation

All dogs will be measured, weighed (if scales are not available, entrants must bring a letter from a veterinarian stating the dog's weight) and critiqued for movement and conformation. Dogs must have 4A or darker eyes to pass.

#### Temperament

Two shots will be fired 15'-20' from the dog as he is walked away on a loose lead. Crowd test: Dog must walk through a group of 4-6 people as they move and stand still. The dog and handler stand still, the crowd walks up forming a tight circle around the dog and handler, then move away at the judge's command. This is done several times at slow, normal or fast pace as directed by the judge.

#### Working Ability

Attack on Handler: Dog must react to attack on handler by biting sleeve and taking two stick hits. Agitator stands still, dog commanded to "out", release bite on command.

**Courage Test:** Dog must pursue an agitator that is running straight away from him (about 50 paces). As the dog gets about 20 paces from the agitator, he turns and runs at the dog making noise and threatening gestures. Dog must bite sleeve and hold. Agitator stands still, dog commanded to "out". Dog must "out" one time during the protection phase.

### KORUNG (Advanced Breed Suitability Test)

The purpose of this test is to re-evaluate dogs which have already received a basic breeding certification (ZtP) to determine if they should continue to be used in a breeding program. The Korung re-evaluates conformation, temperament and working ability. It is scored on a pass/fail basis.

#### Requirements

1. Dogs must have an OFA number, "acceptable" PennHip certification, or hip certification from country of origin.
2. Dogs must have rating of "V" (Excellent) or "SG" (Very Good) at three Sieger Shows under two different FCI recognized judges.
3. Male Dogs: Minimum age is 36 months at date of test. Successful completion of SchH III by the date of entry. Successful completion of AD by a DVH-sanctioned organization and a ZtP. Female Dogs: Minimum age is 30 months at date of test. Successful completion of SchH 1 by the date of entry. Successful completion of AD by a VDH-sanctioned organization and a ZtP.
4. Copies of all documents described must be sent with the entry; originals must be brought to the show.

#### Conformation

Same as for the ZtP, but must also have 3A or darker eyes and ½ dark pigment in the mouth to pass.

#### Temperament

Same as for the ZtP.

#### Working Ability

**This test approximates the SchH III Protection routine.**

**Search:** Dog is sent (about 40 paces) to search and hiding place.

**Bark & Hold:** Dog finds agitator and should bark continuously. At the judge's signal the handler approaches to within 4 paces from the dog. At the judge's signal the dog is called to heel. Agitator is told to "step out", "hands up", dog is told "down". Handler searches agitator for weapons then goes to search hiding place.

**Escape:** As the handler is out of sight, the judge signals the agitator to escape. The dog must prevent the escape by biting hard. Agitator comes to a standstill, handler commands "out". Dog does "bark and hold" when bite released.

**Re-Attack:** On the judge's signal the agitator re-attacks the dog, threatening with stick. When the dog has a firm bite, he is hit twice with the stick. Agitator comes to a standstill, dog commanded to "out". On judge's signal, handler returns to dog and takes him to the end of the field.

**Courage Test:** Agitator is hiding at opposite end of field. On judge's signal the agitator comes out, is verbally challenged by the handler, and then runs away. The dog is sent to stop him (must go in a straight line). When the dog is about 40 paces away, the agitator turns and tries to chase the dog using voice, forward motion and waving stick (not Hitting). Without being deterred the dog must bite hard and hold the agitator. Agitator comes to standstill, dog commanded "out".

**Re-Attack:** The agitator will immediately re-attack the dog, dog bites hard and is hit twice with stick. Agitator comes to standstill, dog commanded to "out". At the judge's signal, handler comes across field and takes dog off. Dog must "out" each time he is commanded to do so.

**AIRK 2011 SLRK Sieger Show #2**

**Judge: Dan Carlson, Canada**

**Saturday, March 11, 2012**

**Alliance of Independent Rottweiler Klubs Entry Form**

# **Alliance of Independent Rottweiler Klubs**

## **Requirements for Entries**

In all classes which have an age limit—the dog must be four, six, nine, twelve, or eighteen months of age on **THE DAY** of showing.

Dogs must be 24 months or more for all adult classes: **OPEN, BREEDERS, WORKING, GEBRAUCHSHUND, VETERAN, SIEGER**

Copies of AKC registration papers must be included with all entries. Four to six month old puppies may be entered with the AKC litter registration number. No person under suspension with the AKC may participate in any AIRK event.

For the "Breeders Class" the person presenting the dog must be the breeder of the dog. (Not necessarily the owner). This is **NOT** a BBE as in AKC.

In order to enter the Sieger or Champion class the dog must be an AKC or CKC Champion or Champion of a country. We accept ARV and USRC National Siegers. No Regional Siegers are eligible. If your dog or bitch has acquired the title of AIRK Sieger or Siegerin you must pick up your certificate from the show secretary. You will need it at your next show. Remember, once a Sieger, always a Sieger. That is the only class that dog may now be entered in.

Best Puppy will come from the 4-6, 6-9 & 9-12 month classes. Youth Sieger will come from 12-18 & 18-24 month classes.

Only adults (over 24 months) can become Sieger or Siegerin—this includes the Veteran Classes.

**Working Class:** Dogs & bitches over 24 months of age with a working title. This title must represent an "assistance to mankind". Most "working titles" qualify; however, titles such as CGC, PT, HIT and all Agility titles do not. If you have any questions, please get in touch with Dennis Hughes.

**Gebrauchshund Class (if offered):** Must have a Schutzhund title. Schutzhund titled dogs may be entered in the Working class if a Gebrauchshund class is not offered.

**Veterans Class:** must be seven years of age.

Non regular classes include Kennel Class, Stud Dog Class & Brood Bitch Class.

**Kennel Class:** A minimum of three dogs representing the kennel's breeding program. Must include progeny from two different litters & must be entered in regular classes.

**Stud Dog Class:** Three progeny from two different litters. Progeny must be entered in regular classes.

**Brood Bitch Class:** Two progeny from two different litters. Progeny must be entered in regular classes. (Note that it is not necessary for the Stud Dog or Brood Bitch to be entered in the regular classes.)

For the Ztp: Dog must have a BH, Tattoo, hip certification and original pedigree.

After 30 months of age "pending" will not be allowed concerning hip ratings. The dog must either have a number or a 0 will be used.

No critiques will be given (either orally or written) unless the dog competes in the class.
